Try out the things that you have always wanted to try. Find ways to fit meaningful quality of life options, physical activity and time with friends and family into your hectic daily schedule.

Come out and Play, America

Commission Chairman
STEPHEN H. MEYERS

City of Rye
Department of Recreation

Superintendent
WILLIAM T. RODRIGUEZ

Dear Resident,

The new Athletic Field Projects remain on schedule and on budget. This has permitted the City of Rye to install sod at both the former Nursery and Disbrow Park locations. While this change is not intended to move up the tentative field opening date of June 2004, it will assure that a quality turf cover is present once fields are playable. The City is planning to properly landscape and screen both locations and we expect this activity to continue into next spring and summer.

The Damiano renovation project is planned for re-bidding before the end of 2003. This process should enable construction to begin in early March, weather permitting. As mentioned in the previous Newsletter, the bids to date have resulted in total aggregate cost being above the authorized amount, although five out of the six contracts were in line. The revised timeframe will help to secure a favorable construction cycle and by modifying a number of infrastructure components, we expect to sufficiently reduce costs to move forward. The core priorities of the renovated Damiano Community Center remain unchanged. These are a new multi-purpose room to seat 150, dedicated drop-in space for seniors, added activity rooms and more efficient registration and storage areas.

Please review the entire Winter Recreation Newsletter; I hope you and your family will be able to find an offering that meets your recreational needs and interests.

Best wishes for a Healthy and Happy New Year!

Very truly yours,

Stephen H. Meyers, Chairman
